PLAY IT SAFE, PLAY ALL SEASON.

YOUR RESPONSIBILITY CODE. Breckenridge is committed to promoting skier safety. In addition to people using traditional alpine ski equipment, you may be joined on the slopes by snowboarders, telemark skiers or cross-country skiers, skiers with disabilities, skiers with specialized equipment and others. Always show courtesy to others and be aware that there are elements of risk in skiing and snowboarding that common sense and personal awareness can help reduce. Know your ability level and stay within it. Observe "Your Responsibility Code" listed below and share with other skiers the responsibility for a great skiing experience.

1. Always stay in control, and be able to stop or avoid other people or objects.
2. People ahead of you have the right of way. It is your responsibility to avoid them.
3. You must not stop where you obstruct a trail or are not visible from above.
4. Whenever starting downhill or merging into a trail, look uphill and yield to others.
5. Always use devices to help prevent runaway equipment.
6. Observe all posted signs and warnings. Keep off closed trails and out of closed areas.
7. Prior to using any lift, you must have the knowledge and ability to load, ride and unload safely.

UNMARKED OBSTACLES. Be advised that Breckenridge Ski Resort does not mark all potential obstacles or hazards. When marked, poles, flags, fencing, signage, padding or other forms of marking are used to inform the skier/ rider of the location of a potential obstacle or hazard. These markers are no guarantee of your safety. It is part of your responsibility under the Your Responsibility Code and the Colorado Ski Safety Act to avoid all obstacles and hazards.

COLORADO SKI SAFETY ACT. The Colorado legislature, recognizing risks that are inherent in the sport, has passed the Colorado Ski Safety Act which provides inherent risks of the sport and relative responsibilities of the "skier" and the ski area. You must obey the Act. Under the Act, any person using the facilities of a ski area is considered a skier. A summary of the inherent risks is listed below:

WARNING
Under Colorado law, a skier assumes the risk of any injury to person or property resulting from any of the inherent dangers and risks of skiing and may not recover from any ski area operator for any injury resulting from any of the inherent dangers and risks of skiing, including: changing weather conditions; existing and changing snow conditions; bare spots; rocks; stumps; trees; collisions with natural objects, man-made objects, or other skiers; variations in terrain; and the failure of skiers to ski within their own abilities.

The Ski Safety Act was amended in 2004 to include CLIFFS, EXTREME TERRAIN, JUMPS AND FREESTYLE TERRAIN as inherent dangers and risks of the sport.

TRAIL DESIGNATIONS. Skiers and Riders should be advised that a green circle, blue square, single or double black diamond, or orange oval at Breckenridge Ski Resorts is not necessarily the same as a similar designation at other resorts. The system is a relative rating of trails at each resort and does not compare trail or park difficulty between resorts. Skiers and Riders should begin with the easiest terrain and then move up in difficulty as their ability permits in order to understand the relative rating at Breckenridge Ski Resort.

"SMART STYLE" IN FREESTYLE TERRAIN
MAKE A PLAN. Every time you use Freestyle Terrain, make a plan for each feature you want to use. Your speed, approach and takeoff will directly affect your maneuver and landing.

LOOK BEFORE YOU LEAP. You are responsible for inspecting Freestyle Terrain before initial use and throughout the day. The features vary in size and change constantly due to snow conditions, weather, usage, grooming and time of day. Do not jump blindly. Use a spotter when necessary.

EASY STYLE IT. Always ride or ski in control and within your ability level. Do not attempt Freestyle Terrain unless you have sufficient ability and experience to do so safely. You control the degree of difficulty you will encounter in using Freestyle Terrain, both on the ground and in the air.

RESPECT GETS RESPECT. Respect Freestyle Terrain and others. Only one person on a feature at a time. Wait your turn and call your start. Always clear the landing area quickly. Respect all signs and do not enter Freestyle Terrain or use features when closed.

ELECTRONIC DEVICES. Breckenridge Ski Resort discourages the use of electronic devices - cell phones, music players, or earphones - while skiing and snowboarding, or loading and unloading lifts.

LIFT SAFETY. Under Colorado law, you cannot board a lift unless you have sufficient physical dexterity, ability and knowledge to negotiate or to use such lift safely, or until you have asked for and received information sufficient to enable you to use the lift safely. You may not use a lift or any ski trail when under the influence of drugs or alcohol.

SNOW CATS & SNOWMOBILES. CAUTION - Snowcats, snowmobiles and snowmaking may be encountered at any time.

SLOW ZONES. Certain areas (indicated on the map in yellow) are designated as SLOW ZONES. Please observe the posted slow areas by maintaining a speed no faster than the general flow of traffic. Space and speed are especially important in these areas. Fast and aggressive skiing will not be tolerated and may result in termination of your skiing/riding privileges.

HELMET USE. Breckenridge Ski Resort encourages our guests to wear a helmet. While helmets may mitigate or reduce the severity of some head injuries, their use does not guarantee safety and will not prevent certain injuries. Breckenridge Ski Resort reminds you that every winter sport participant shares responsibility for his or her safety and for that of others using the ski area facilities.

BACKCOUNTRY WARNING. Pursuant to the Colorado Ski Safety Act, the ski area assumes no responsibility for skiers going beyond the ski area boundary. To access the backcountry, use designated gates only. Areas beyond the ski area boundary are not patrolled or maintained. Avalanches, unmarked obstacles and other natural hazards exist. Be aware, the backcountry avalanche hazard may be extreme. Rescue in the backcountry, if available, is the responsibility of the Summit County Sheriff. It will be costly and may take time.

HIGH-ALTITUDE ENVIRONMENT. Some visitors may experience symptoms associated with Breckenridge Ski Resort's high altitude. Symptoms may include headaches, nausea, loss of appetite, restless sleep, coughing and difficulty in breathing. If symptoms persist or if you have a concern about your health, you should seek medical attention.

PROTECT YOUR SKIING & RIDING. Breckenridge Ski Resort would like to remind you that your ticket or pass is non-transferable and may not be resold or used by anyone other than the person to whom it was issued. Please report lost or stolen passes to resort staff or law enforcement immediately. Resort staff may ask you to show your pass or ticket at any time. Failure to show a valid pass or ticket or engaging in fraudulent behavior of any kind may result in loss of skiing and riding privileges or criminal prosecution.

ENVIRONMENTAL STEWARDSHIP

Vail Resorts Echo
Much like the living world, social responsibility is inherently essential to Vail Resorts. Vail Resorts Echo, the company's corporate stewardship program, nurtures social responsibility in our company. Aimed at both protecting the beautiful natural resources that surround our resorts and helping build stronger communities where our employees live and work, Vail Resorts Echo encompasses three core efforts - environmental stewardship, charitable giving, and community engagement.

VR Echo focuses on:

- Forest restoration and resource conservation
- Providing all kids access to snowsports
- Programs that create healthy kids and communities

Join us in Environmental Stewardship
Breckenridge supports, promotes, and engages in resource conservation, recycling, composting, and other forms of waste reduction, wildlife habitat preservation, and environmental education. Please share this responsibility with us by doing the following:

- Put all recyclables and trash in proper receptacles
- Carpool and use public transportation
- Reduce, reuse, and recycle
